Calling indicator without bottom box
It needs no construction hole with the compact structure, convenient assembly /disassembly, easy and prompt repair and maintenance.

Introduction:

We have been in the business of lifts. Today our passenger lifts offer solutions for all types of low to medium rise buildings. As one of the leading lift companies in the UK we offer two standard lift ranges with a wealth of dimensions and finishes and with the flexibility to supply bespoke solutions too. Our aim is to provide you with a product that is Part M and En8170-compliant, fit for purpose, safe and quality engineered.

Features:

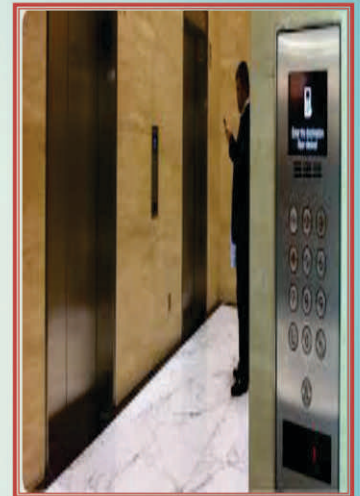

Designed with modern living in mind this simple and cost effective range offers clean, sleek lines and smooth operation.

Capacity: up to 13 person
Travel: up to 15m

Load: up to 1000kg
Car sizes: 4

Speed up to 1.0m/s

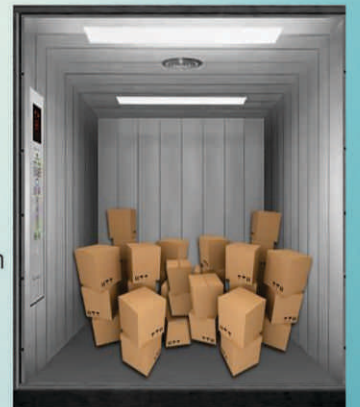

BREEAM score: up to 2 points Drive system: Hydraulic MRLi

Goods Lift

'HYDRAULIC GOODS LIFT' is yet another prestigious, most reliable product from Expert Equipments Pvt. Ltd., developed and manufactured since last three decades. It is an ideal vertical lifting system, made as very sturdy and compact with optimum space utility. Hydraulic Goods Lift is manufactured to a capacity of 3,000 Kgs. & Lifting Height of 15 Meters (4 Floors).

CONSTRUCTION: The self supported load bearing lift structure is precisely fabricated from alloy steel section and plates. This structure will be grouted at the base level and supported at landing levels and top. The lifting car is lifted along the structure on heavy duty rollers by a high precision hydraulic cylinder, with optimum frictionless movements. The Hydraulic system is designed for its best efficiency, using components and accessories from world renowned manufacturers. Electrical control made from world class switch gear will have control circuits of 440 V AC, which will be restricted within the power pack & motor. All control circuit is of 24V -12V DC.

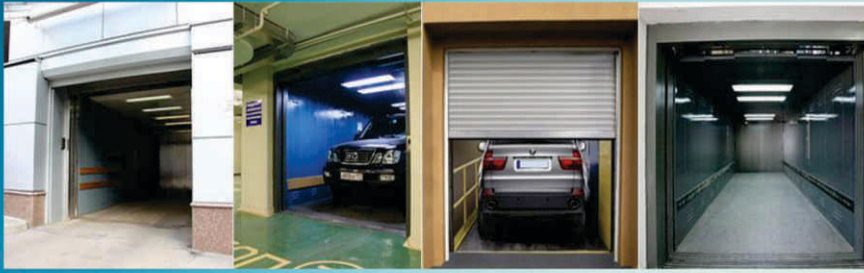

Hospital Lift

We manufacture hospital lift cabin, specially built for accommodating stretchers and wheel chairs. These hospital lift cabin exporter quality products can be used both in small or large hospitals.

Our hospital lift cabin is fabricated to ensure proper space and comfort for carrying stretcher. Our hospital lift cabin manufacturer products are highly resilient and have sturdy construction. These hospital lift cabin exporter products are shock and jerk free, ensuring proper enough safety to patients and installed systems on the stretcher. We can custom manufacture hospital lift cabin as according to the specific customer requirements.

Car Lift & Scissor Lift

Kiran Elevators the originator of the hydraulic lift, is the **industry leader** in the car lift business. Car lifts were an idea born from our founder, Peter Lunati, to improve the everyday life for each repairman. **Kiran Elevators** has been the leader and innovator in the auto lift business for nearly 10 years. Car lifts are what built our company and they are what will help you build yours. Our commitment to quality, safety, reliability and innovation

are what drive us every day. Let Rotary Lift be your **solution** for all your lifting needs.

Hydraulic Scissor Lifts We offer a vast collection of **hydraulic scissor lift** in varied models for use in automobile showrooms and other industrial applications. Our scissor lift are less power consuming, have low maintenance cost and can be customized as per the requirements of our clients. Scissor lift for Warehouse, Scissor lift for Steel Industries, Scissor lift for granite industries, Scissor lift for Textile mills, Scissor lift for Garments, Scissor lift for Knitting industries. Available in single **scissor lift table** and **multi scissor lift tables** configurations to provide the load capacity, lifting. Our **scissor lift tables** can be pit installed or floor mounted, sited indoors or outdoors. Whether your requirement is within the warehouse, loading bay, production line, packing area whatever your application and industry, there is an Edmolift **scissor lift table** to solve your materials handling problem. Our most popular models of **scissor lift tables** are available for ex stock delivery.
